

EB-FH52

DATASHEET / BROCHURE

Deliver clear presentations throughout years of uninterrupted meetings on a large scalable Full HD 1080p screen that can be positioned almost anywhere.

Whether delivering crisp, clear presentations or viewing video content, the stylishly-designed EB-FH52 is ideally suited for the office or any working environment. Enjoy a Full HD display with a high lumens output for all-round content visibility. Reliable technology creates peace of mind with reduced product intervention and maintenance.

Bright, vivid content on a large scalable screen

Lightning fast 240hz refresh rate ensures ultra smooth viewing, no matter how fast-paced the on-screen visuals may be. View content like never before and pick out even the finest detail with crisp, clear images with a screen size up to 300 inches. The combination of a high brightness, high contrast ratio of 16,000:1, and Full HD content provides superior image quality and a viewing experience that is easy on the eye, even in high ambient lighting conditions.

Years of uninterrupted meetings

With a lamp life of up to 12,000 hours in Eco mode.

Installation and placement flexibility

Automatic vertical and manual horizontal keystone correction provide greater flexibility as to where the projector can be placed in the room for distortion-free images and the wide optical zoom adds to the flexibility.

Flexible connectivity for content sharing

Built-in wireless connectivity enables easy and intuitive access to the projector from compatible smart devices using the iProjection App¹. Display content with the freedom to move around and engage with your audience. Split screen capability allows content from more than one device to be displayed simultaneously without the need for two separate display devices.

High-quality sound This projector has a built-in 16W speaker to allow audio content to be heard clearly, without the need for additional external speakers.
