

ZU660e

Spectacular image quality, low maintenance and ultimate reliability

- 20,000 hours maintenance-free laser light source at full brightness
- Dust resistant Independently tested, IP5X certified for total reliability
- 6,500 lumens laser WUXGA DLP projector
- Installation flexibility 7x lens options including ultra short throw and dome lens

The ZU660e builds on the success of the DuraCore professional installation projector range. With enhanced features such as 4-corner correction and higher brightness it joins the DuraCore laser line up which combines industry-leading lifetime of the light source with an independent dust resistant certification for ultimate peace of mind.

Providing up to an astonishing 20,000 hours of impressive, virtually maintenance free operation, laser technology eliminates the need for lamp and filter replacements for an even lower total cost of ownership.

Designed for meeting rooms, boardrooms, auditoriums, museums and other large venues, the laser-phosphor light source delivers great colours and more consistent brightness, along with high resolution and contrast for stunning quality images. It is also ultra-quiet making the ZU660e an ideal companion for quieter environments, smaller rooms or those with lower ceilings.
